

Housing conditions

Taxes – GST, QST and accommodation tax – are not included in our prices. Credit card number in guarantee. No penalty applied for change of date or name unless one of the cancellation conditions described below is applicable. For a change in the number of people, a new rate will be calculated according to occupation.

Cancellation conditions

Due to the small number of rooms in the hostel and the short summer season, for the period between June 15 and September 15, a reservation can not be canceled within two weeks of your arrival date.

Within the two weeks period, the total amount for the stay may be collected from your credit card.

The same penalty could be applied if the customer does not show up. For example, bad weather or a ferry problem, can in no way constitute a ground for cancellation.

We thank you in advance for your understanding.

Note that in order to stay in the spirit of the house, we chose not to install television sets in our bedrooms. We still have a rescue TV in the living room. Wifi is available free of charge throughout the inn and pavilion.
